CLASS: TEXAS TOUR** 

## *Intermediate Home Care Coding*

**Presented by:  
Lisa  
Selman-Holman**

Locations:

**Dallas -August 24-25**  
Holiday Inn Express  
6055 LBJ Freeway @ Preston,  
Dallas, TX 75240

**McAllen-August 31-Sep 1**  
Club At Cimarron  
1200 South Shary Road,  
Mission, TX 78572-7426

**Houston-September 7-8**  
Holiday Inn Houston West-  
chase10609 Westpark Drive  
Houston, TX 77042

# Intermediate Home Care Coding

Think you have the basics down pat? We start with a quick overview of fundamental coding skills and then progress to coding in PPS, with special attention to coding the case mix diagnoses appropriately. The participants will have the knowledge to code accurately, assure all case mix points are captured and do not need to fear 'upcoding'. With governmental entities and contractors such as the OIG, PGBA and the ZPICs targeting homecare, this is the time to ensure that your coders are coding correctly and to protect your revenue. This class will provide plenty of opportunity to try out your skills in coding common home care scenarios, along with more complex scenarios. Application of the official guidance is the name of the game. Find out how diagnoses affect your outcomes and discuss those diagnoses causing problems in medical review. This seminar will be good preparation for those interested in taking the HCS-D exam.

## Lisa Selman-Holman JD, BSN, RN, HCS-D, COS-C

- 25 years in home care as a RN and Attorney practicing exclusively in home care
- Owner of Selman-Holman & Associates, LLC, a full-service home care consulting firm.
- Homecare Coding Specialist-Diagnosis (HCS-D) national advisory board for the Board of Medical Specialty Coding and Compliance (BMSCC)
- Participated on the Exam Review Task Force for the OASIS Certificate & Competency Board

## WORKSHOP OBJECTIVES

- ⇒ Explain CMS guidance on sequencing.
- ⇒ Explain the relevance of OASIS C data items for diagnoses to payment.
- ⇒ Prioritize diagnoses based on clinical assessment and planned interventions.
- ⇒ Apply specific sequencing rules as required by the Official Coding Guidelines.
- ⇒ Explain coding of diagnoses of infections, neoplasms, endocrine disorders such as diabetes, anemias, mental disorders, and the nervous system & sense organs.
- ⇒ Explain coding of Endocrine disorders such as diabetes, anemias, mental disorders, and the nervous systems and sense organs.
- ⇒ Explain coding of diagnoses of cardiorespiratory illnesses, cerebrovascular disease and GI & GU disorders.
- ⇒ Identify the differences between different kinds of ulcers.
- ⇒ Explain coding of diagnoses of the musculoskeletal system, injuries and poisonings.
- ⇒ Describe the purpose and appropriate use of V and E codes.
- ⇒ Use the coding manual to find codes and sequence diagnoses for home care scenarios.
- ⇒ Identify new codes that will take effect October 1, 2011.

## Workshop Locations

### Dallas -August 24-25

Holiday Inn Express  
6055 LBJ Freeway @ Preston,  
Dallas, TX 75240  
(972)404-4500

### McAllen-August 31-Sep 1

Club At Cimarron  
1200 South Shary Road,  
Mission, TX 78572-7426  
(956) 581-7401

### Houston-September 7-8

Holiday Inn Houston West-  
chase 10609 Westpark Drive  
Houston, TX 77042  
(713)5325400

## CONTACT HOURS

“This session provides 9.75.5 nursing CE, 10.0 HCS-D hours, and 9.75 clock hours for Texas Administrators/ Alternates.

-----  
**“This continuing nursing education activity was approved by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.”**
